PROFILE SUMMARY

Passionate software developer with experience in full-stack development, open source contributions, and deployment operations. Strong problem-solving skills with experience in competitive programming. Having experience working with cross-functional teams to deliver scalable solutions.

EDUCATION

Bachelor of Technology in Computer Science & Engineering

Oriental Institute of Science & Technology, Bhopal

Expected May 2026

Senior Secondary Science & Mathematics

Macro Vision Academy, Burhanpur

Graduated in May 2022

HOBBIES

Reading Tech related articles. Exploring various CLI and utility tools such as wc, JSON parsers, Compilers etc.

TECHNICAL ACHIEVEMENTS

- GirlScript Summer of Code (GSSoC) Finalist 2024 Contributed to open source projects.
- Achieved 1600+ rating on LeetCode.
- Designed and deployed scalable applications using Kubernetes and Docker.

EXPERIENCE

Software Engineer Fellow, Headstarter

Aug. 2024 - Oct. 2024

• Developed simple projects.

GSSoC Contributor

May 2024 - October 2024

- Contributed code, documentation, and improvements to multiple open source repositories.
- Engaged in collaborative software development with the global community.

Open Source Maintainer, DEBUG (OIST)

July 2024

- Led GitHub repository management and technical contributions.
- Conducted technical interviews and onboarding sessions for new members.

Competitive Programmer, DEBUG (OIST)

July 2024

- Led the community peers for ICPC.
- Conducted technical interviews and onboarding sessions for new members, helped them along the journey.

PROJECTS

- Full-stack Blogging Platform: End-to-end website to let users write free blogs and read them (React.JS, Node.JS, Postgres).
- Payment Merchant: Payment wallet with secure dummy transactions to let users exchange credits.
- Automation Platform: Scalable workflow management solution to automate solutions.
- Drawing App: Made a simple drawing app similar to Excalidraw that allows users to communicate over a canvas.

CERTIFICATIONS

- CCNA: Intro to Networks
- CyberOps Associate
- Switching, Routing & Wireless
- Python Essentials 1 & 2

- Enterprise Networking
- $\bullet\,$ Network Technician Path
- Intro to Cybersecurity
- Junior Cyber Analyst Path

TECHNICAL SKILLS

- Languages: C++, SQL, JavaScript, TypeScript, Lua, Rust, Solidity.
- Tech Stacks: ReactJS, Node.js, Next.JS, Prisma, Redux, Tailwind CSS, Foundry, MonoRepo.
- Tools: Git, Docker, CI/CD, Kubernetes, Bash/ZSH, Lazy Git.
- Databases: PostgreSQL, MongoDB, NeonDB.
- Cloud: AWS, Vercel.
